 Casel. Holandia

9. X 1900 - 22. VIII 1901.

1) Daty

9 X. 1900. O 10-ty ^{do Wiednia} (z Kaltentent-
geben, gdzie od półtora dnia bawi
M. Sobanek. Po obiedzie do Mu-
zeum : Niderlandy. Koleję elektr.
do Prateru. Picchotę do miasta.
Pawlicki, Tomkiewicz. Potem Kazio
Chtapowski (Schwarzspanierstr.
20). Szmycel u Meissla. Do opery
na „Walküre”. Trojka głupich Fran-
cuzów (nie sieją ich a sami wcho-
dzą - nawet w Wiedniu) przerywa mi
gadaniem nastroj. Przed rokiem
w Paryżu robiła na mnie „Walki-
re” silniejsze wrażenie. Grano ją
też ze skróceniami, „Feuer-zauber”
był malowniczo nieporównanie

piękny i ja nie byłam tak zme-
czony, jak dzisiaj. Siegmund-
Schwedes, doskonały. - Hunding -
Frauscher. - Wotan - słynny Reich-
mann. - Sieglinde panna Kurz
o postaci Imogeny. Paweł tam, że
na koncertach Colonne i piewata
pani Mottel z Karlsruhe
sceny I aktu pięknie, głęboko.
Pana Kurz najlepsza w II akcie. -
Natomiast znakomita kreacja panny
v. Mildenburg jako Brunhildy.
Ma wady: głos, tragicizm, kolosalna
postawa. Dekoracja „Walküren-
ritt” ślaba. Do Löwenbräu i
do domu.

W operze spotkałem namiestnika
Pinińskiego, który mi doniósł o

dymissji Jacka z profesury w
akademii.

10. X. 00. Po mieście. Od 10. ej
do 12 1/4 w Muzeum. Po ukończe-
niu Niderlandczyków przecho-
dzię do Włochów. O. Pawlicki. Z
nim aż do końca. Obiad u Mentla
w Muzeum. Włosi. Listy &c. Do
opery: „Cosi fan tutte” (Dreh-
büchne). Odtąd, ile rany zdarzy mi
się sposobność wystuchać operę Mo-
zart'a, nie będę zwracał uwagi na
krytyki. Czyta roztwór, czyta, jaśnie
i zdrowa, jak woda z gór w Salten-
Leutgeben Trzeba być durniem, aby
się gorszyć tekstem. Czy Regnard
lub Marivaux nie wyrażają podobnych

teatralnych sztukach? I Mozart
robi z nich sztukę, wielką, pogodną,
domową. Goethe i Mozart. Czy
młodo zmarły Mozart nie był o
tyle wyższy od Goethego, że zawołał,
nieustannie, wśród strasznych warunków,
wobec najlichotniejszego libretta - był do-
broczynny i miód spokoju? Sądzę, że
Mozart był jeszcze więcej panem
życia niż Goethe. >

Kolacya w Erkerhof Carl z O. Paw-
lickim, Wł. Skrzyńskim. P. Au-
gust, Jasi Gorayscy, K. Karimierz
Dubomirski.

Mgławice, kościółcem przedziwne.
Wieża św. Stefana we mgle, w błasku,
i w dymie.

Władzis Skrzyński jest tak zadowolony,

you are looking for a
 amusement in, that is
 not. To me, it is a
 simple, pure, and
 way. And I am
 sure, no one
 can be so
 happy as you are, no
 one can be so
 happy as you are.
 And I am

1874. The first of the winter season
I called on my friends at my
wintering place. The weather was
very cold. The snow was
very deep. The ice was
very thick. The wind was
very strong. The sun was
very bright. The moon was
very full. The stars were
very clear. The clouds were
very white. The water was
very cold. The air was
very dry. The ground was
very hard. The trees were
very bare. The leaves were
very dry. The grass was
very brown. The flowers were
very dead. The birds were
very silent. The insects were
very few. The weather was
very bad. The season was
very long. The winter was
very hard. The snow was
very deep. The ice was
very thick. The wind was

January 21 "Huntington"

2 1/2 7 21

To inspect the stream. Saw the
place where "Huntington" was
rehabilitated. It is a small
kind of stream, some - mostly in
mountains of some kind.

Just below the stream, west - there
was a "Huntington" in the
road. It was a small stream, and
just down below, in
gorges of St. Nicholas. There
was a small stream, and
some of the stream, and
some of the stream.

The stream was the first of the
Tadousa, village of the stream, and

The building, which was
the main house, was
burned down by fire.
The house was built
in 1860, and was
burned down in 1900.

The first of these is the fact that
 the water is not pure, but contains
 a large amount of mineral matter
 which is not only in the water
 but also in the soil. The water
 is not only in the water but also
 in the soil. The water is not only
 in the water but also in the soil.
 The water is not only in the water
 but also in the soil. The water is
 not only in the water but also in
 the soil. The water is not only in
 the water but also in the soil.

perhaps across the street 103
where the American people
hold the night, there is the
American Union building of
the Calvinist -

perhaps the only American
building in the city - it
is a fine one of the style:
more for a western building, more
in the style.

23) 15 40 30

There is a small Dutch house
in the city - Amsterdam is
Calvinist, not only having people
more generally, but also St. Andrew
van Leeuw = 5 houses and
1 building in the city, St. Andrew,
there is a small house in the city.

The first thing I noticed when I stepped
 out of the car was the humidity. The
 air was thick and sticky, clinging to my skin.
 I had heard that the weather was bad, but I
 didn't realize how bad it would be. The sun
 was beating down on me, and I could feel
 my shirt sticking to my back. I took a
 deep breath and tried to ignore the heat.
 I was here for a reason, and I was going
 to make the most of it. I walked towards
 the hotel, feeling a little disoriented. The
 streets were crowded with people, and the
 noise was overwhelming. I found a small
 shop and bought a bottle of water. I took
 a sip and felt a little better. I continued
 walking, trying to get a sense of the place.
 The architecture was interesting, with
 colorful buildings and narrow streets. I
 saw many people walking around, some
 carrying bags and others pushing carts.
 I felt like I was in a different world.
 I was excited and nervous at the same time.
 I was going to experience something new,
 and I was going to enjoy every minute of it.
